Dimmer Type Note:

- #1: Stellar ELV with reverse/forward and low-end cut off select switch
- #2: Stellar Mini ELV with reverse/forward and low-end cut off select switch
- #3: Uni*Star (Analog) ELV with reverse/forward select switch
- #4: All Marlin Standard (leading edge) dimmers
- #5: All Marlin EFD (0-10 VDC) with low-end cut off select switch
- #6: Please visit manufacturer's website for transformer and driver compatibility

WARNING:

Connecting inductive loads (such as magnetic transformers) to ELV dimmers will damage both the dimmer and transformer, and will void the limited warranty.
